

2017 SMAP-Canada Workshop

16-17 May 2017, University of Guelph

A bit of history...

2009

Montreal (Biosphere)

2010

Montreal (CMC)

2013

Ottawa (AAFC)

2015

Winnipeg (AAFC)

2017

University of Guelph

2009

Objectives

... to reflect on achievements regarding data utilization, algorithm development, calibration / validation, and data impact evaluation.

... to once more present the results of their studies,

... to discuss aspects that remain to be examined until the end of this current round of projects (early in 2018),

... distribution of information by SMAP Project on the current status of the mission,

... and for discussions related to future (post-project) opportunities.

A few items...

“Loose” enforcement of presentations duration
